SUMMARY

Senior Product Designer with 9+ years of experience designing complex, data-intensive products across developer platforms, API-driven systems, Web3 infrastructure, SaaS, AI, OSINT, defense, and network management domains. Delivered measurable outcomes, including a 73% increase in user retention and a 30% improvement in onboarding completion, while contributing to mission-critical intelligence and defense platforms supporting real-time operations and decision-making. Specialized in UX, UI, Visual Design, UX strategy, and Developer Experience (DX), transforming complex technical requirements into intuitive workflows, scalable design systems, and development-ready interfaces. Experienced in enterprise software, real-time dashboards, and high-security operational environments, with a strong focus on user-centered design, usability, accessibility, and cross-functional collaboration.

EXPERIENCE

Rapidev Pvt. Ltd. | Senior UX/UI Designer

2025 - Present

- Led end-to-end product design for 10+ intelligence, defense, and network management platforms, including OSINT tools, lawful interception systems, radio dispatchers, AI chatbots, and anti-drone solutions, reducing design iteration cycles by 35% through heuristic evaluation and structured design reviews.
- Designed complex, real-time, data-intensive interfaces using Ant Design, cutting engineering clarification requests by 40% through tighter component documentation and usage guidelines.
- Partnered with engineering and domain experts to translate highly technical workflows into scalable product experiences, achieving 25% faster design-to-dev handoff compared to previous baseline.
- Served as UX/UI subject-matter expert across 10 cross-functional teams, contributing to ideation, design reviews, and product quality that resulted in 15+ successful platform deliveries within deadline.

APIMatic.io | Senior Product Designer

2020 - 2025

- Led UX/UI design for the Developer Experience Portal across the full design lifecycle, including user research, flows, wireframes, prototypes, and usability testing, improving onboarding completion by 30% and user retention by 73%, with measurable impact on trial-to-paid conversion rates across 178+ countries.
- Designed 6 core products including API Copilot (AI), Analytics Dashboard, API Editor, SDK Widget, Code Validator, and Guided Walkthroughs, reducing average task completion time by 28% through user-centered interaction patterns.
- Built a complete Atomic Design System with design tokens, reusable components, WCAG accessibility compliance, and detailed usage guidelines, establishing design ops practices that standardized workflows, cut design-to-dev handoff time by 40%, and improved cross-team consistency across 5+ product squads.
- Leveraged Mixpanel and Microsoft Clarity for UX metrics, A/B testing and data-driven iteration, directly supporting enterprise clients including PayPal, Worldpay, Verizon, and PostNL across 178+ countries.

Synergy-IT | Senior UX Designer

2018 - 2020

- Redesigned SpeekIO onboarding through end-to-end user research, flows, wireframes, and usability testing,

increasing user activation by 25% and reducing average onboarding time by 15%.

- Built a scalable design system for the CubiVue mobile app, applying interaction design principles and mobile design best practices with reusable components, design tokens, and WCAG accessibility compliance, improving cross-team handoff efficiency by 30%.
- Delivered production-ready HTML/CSS implementations for 3 enterprise portals, reducing QA issues by 20% and improving cross-browser stability across responsive and accessible design standards.
- Supported 4 SaaS implementations through UX documentation, prototyping, and design validation, resulting in 25% boost in design accuracy and 10% faster development cycles.

Ibex Group of Companies | Apps Design Specialist

2017 - 2018

- Designed mobile and web interfaces for 5+ products through user research, wireframes, prototypes, and usability testing, raising average user satisfaction scores by 20%.
- Produced detailed wireframes, mockups, and concept documents across 3 product lines, reducing stakeholder approval time by 30% and ensuring design consistency throughout delivery cycles.
- Collaborated cross-functionally with product managers and engineering teams to deliver cross-platform UX through design sprints in Agile cycles, supporting 4 concurrent product streams with zero missed sprint deadlines.
- Standardized UX documentation and accessibility practices across the design team, contributing to a 15% reduction in post-launch design revision requests.

CORE SKILLS

UX & Product Design: Product Design Strategy, User Research, Product Discovery, Information Architecture, Wireframing, Prototyping, Usability Testing, Journey Mapping, Systems Thinking

UI & Interaction Design: Design Systems, Atomic Design, Component Libraries, Accessibility (WCAG), Responsive Design, Data-Dense Dashboards, Real-Time Interfaces, Micro-interactions, Interaction Design, Mobile Design

Developer Experience (DX): API-First UX, Developer Tooling, Technical Onboarding, Configuration Flows, Error States, Documentation UX, System Feedback

Methods & Process: Agile, Scrum, Design Thinking, User-Centered Design, Cross-Functional Collaboration, Stakeholder Alignment, Stakeholder Management

Design Artifacts: User Personas, User Flows, Journey Maps, Wireframes, High-Fidelity Mockups, Interactive Prototypes, Design Documentation, UX Metrics

Tools & Technologies: Figma, Adobe XD, InVision, Framer, HTML, CSS, Bootstrap, WordPress, Mixpanel, Microsoft Clarity, GitHub, HubSpot, Miro

Domains & Platforms: OSINT, Intelligence Systems, Defense & Security, Web3 Infrastructure, AI-Driven Products, API-Based Platforms, Network Management Systems, SaaS, Enterprise Web Applications, Mobile Applications

CERTIFICATIONS

The Interaction Design Foundation (IxDF)

- Design Thinking: The Beginner's Guide
- Human-Computer Interaction HCI
- UI Design Patterns for Successful Software
- Mobile UX Design
- Information Visualization: Getting Dashboards Right
- Dynamic User Experience: Design and Usability
- The Ultimate Guide to Visual Perception and Design

EDUCATION

- MSc. Project Management | UET Taxila 2016
- BS Computer Science | Iqra University Islamabad 2011
